changes were reported by Cynthia Burch, line 136, roadway, extra a. line 312 duplicate “the”; 319 misspell Langanke

MOTION  
Cindy Burch moved to accept the minutes of the October 26th Executive Board Meeting as amended.  
Angie Langanke seconded.  
Motion Approved.

3. 1st Vice President’s Report: Cindy Burch  
Review of 2013 Forum. Cindy said that the forum was a success. We had almost 300 attendees. We had fewer than 20 vendors, however and would like to have more next
year.

We would like to also expand the General Meeting next year to make it more valuable to the members.

4. Treasurer Report

Bob Rasmussen reported October financial information. The full report is appended to the member’s copy of these minutes. We collected almost $1000 in dues in October. We also expect more income from the Forum. There are some outstanding bills for which checks have been written and not yet cashed.

Bob also reported that the Forum looks to be about $16,000 positive balance. A small profit is expected since that helps to pay other expenses. That does not count NHTSA funding, so the forum paid for itself and made a small return.

5. Liaison Reports

Luke Johnson said that NHTSA felt the Forum went very well. They are looking forward to continue working with ATSIP and participate in the Forum in the future. The MMUCC workshop was well attended (45 people).

Nils King reported that TRB has scheduled a meeting room for us in January. He sent the meeting notice out to everyone.

6. Committee Reports:

a) Constitution (Bob Scopatz, Ralph Zimmer and Jim Davis):

Minnesota Articles of Incorporation update. Bob Scopatz reported that the annual renewal is due in December. If we wish to amend our Articles of Incorporation, we have to comply with the relevant section of our Articles of Incorporation and the Minnesota laws related to non-profit corporations.

b) Data Quality & Improvement (Bob Scopatz)

Discussion on ANSI D-16. Nils King recapped the discussion from the October 26th Executive Board Meeting. Ken Hackman and Marty Pollock had a conversation on ANSI D-16 on 11/19/2013. Marty has set up a call for 11/25/2013 with an ANSI D-16.1 subcommittee to discuss this with Ken. Ken told Marty that the standard is being used extensively in training and it is referenced in MMUCC and many state’s crash data collection manuals. Ken is going to provide a point of contact with the National Safety Council so we can identify what NSC would like to do about assigning the copyright to ATSIP. We also need to discuss the costs of owning and maintaining an ANSI standard. Those were discussed at the October 26, 2013 ATSIP Executive Board Meeting.

Barb DeLucia asked if Ken was able to speak to whether or not the secretariat is the actual copyright holder after a standard has been approved by ANSI. It may not be NSC but rather ANSI.

Cindy Burch asked if we have a timeline for our decision. Ken said that we would be okay if we can get a revision in place by the third quarter of 2014.

c) ATSIP Strategic Planning (Chris Madill, Nils King)

Chris Madill sent out a summary of the Strategic Planning exercise we engaged in during the Forum in October. Nils King reported that we identified two big issues that we should focus on: membership and the Traffic Records Forum. Chris suggested that we
work through subcommittees for membership, TRCC outreach, and the Forum. Nils said that Chris will attend our January meeting at TRB. He would like to have a follow-up planning session immediately after the ATSIP meeting in January.

Barb DeLucia said that it looked to her that we should look at additional funding sources as a way to support the desired strategic goals. Nils said that he will make that issue a part of the meeting.

d) Membership (Bob Rasmussen)
Bob Rasmussen reported that we picked up renewals and a few new people during the Forum. He is collecting further information on the new members so we can vote on them in December. John Carrico asked if someone was a member 3 years ago, stopped paying dues, and now wants to become a dues-paying member again, do they need to fill out a new form. Bob Rasmussen said we wouldn’t need to vote on that person, but we would like updated information.

e) Outreach (Hadi Shirazi)
No report.

7. Web Site (Dick Paddock, Angie Langanke, Kara Mueller)
Angie Langanke said that the ATSIP website is updated with the new Executive Board members and she has also sent emails asking for their information. The committee pages could be updated if anyone wants to send Angie new information. Angie will look into keeping Cindy on the cc: list for the Forum emails in case anything comes in about the 2013 Forum.

Kara Mueller said that we have 63 presentations and they have emailed presenters to gather all remaining slides. Kara sent a draft statistical sheet to Bob Rasmussen and that will be updated as more information comes in.

Cindy asked if we can get an export of the attendees. Kara said she can export a list. There was a discussion of whether or not we should put that list out on the website or if we should make it available to members only and others upon request. The decision was to provide it upon request.

8. 2nd Vice President’s Report, 2014 Forum Update (Tim Kerns)
Tim Kerns reported that he is seeking volunteers to serve on the 40th International Traffic Records Forum planning committee. He held discussions with the Missouri attendees at this year’s Forum and it looks like we will have a lot of state support. Tim also said that he will plan a site visit. There is also interest in a technology showcase from the user perspective. The theme will be data integration. We hope to retain the same vendors and sponsors, and expanding participation. Pete d’Oronzio has offered to help us come up with additional sponsors. Tim is looking for keynote speakers. Leanna Depue will be a big help as will the agency staff. Hadi Shirazi said that John Miller at Missouri DOT is going to provide support as well.

9. New Business :
   a. Discussion on Website and Registration programming for 2014 (Cindy Burch)
Nils reported that TSASS has stated that in 2014 we will need restructure the contract that is expiring on December 31, 2013. Nils said that he has set up a committee, chaired by Cindy Burch, to work on the decisions.
Cindy Burch reported that the committee is developing a small Statement of Work in order to solicit bids on maintenance of the ATSIP.org, trafficrecords.org, and the Forum website. The time is short and they are hoping to put the document out shortly.

Angie reported that TSASS plans to rebuild its servers between Christmas and the end of the calendar year. They would like to hear from us as quickly as possible.

b. Discussion on Assessment Partnerships - (Nils King) Item removed

c. Discussion on Edmonton Traffic Safety Conference

Bob Scopatz

Ask if Edmonton would be willing to put the “Save the Date” into their program? Would Edmonton pay for anyone?

Barb DeLucia asked if any Canadians participated in the Traffic Records Forum in St. Paul. The answer was “no.”

d. Discussion on preparation of 2014 ATSIP Budget (Bob Rasmussen)

Bob Rasmussen reported that he needs to hear from every committee to know what expenditures are anticipated in 2014. We have very good data on the income and expenses are for the Forum. We don’t have enough income from dues to pay for additional efforts. We have to get the money for those activities from the Forum. We need to develop a realistic budget.

Cory Hutchinson asked about the budget for Best Practices. Bob Rasmussen said that he has the dollar amounts from past years. Cory added that he would like to work on having a plenary session at the Forum for all the Best Practice submissions and let the attendees vote on them at the Forum. This would result in not having a personalized award, but it would make for a more involved member process. The committee would choose the best three submissions in each category.
